This ask is above the street

The typed address, 13394 Siena Loop, is not a Manatee County parcel. The active listing is 13994 Siena Loop, MLS A4704244, in Siena at Lakewood Ranch Country Club.

Ask $1,195,000 · $456 per living foot

Six 2026 sales on Siena Loop closed at a median of $314 per living foot. 13978 Siena Loop, the same 3-bed, 3-bath, office, golf-and-lake plan, went under contract at a $899,000 ask, which is $336 per foot. Sized to this house, that rate is about $882,000. The ask is about $313,000 above it. Day 49 on 23 Oct 2026, with no price cut. The listing agent told our broker the owners have rejected two offers, both under $1,000,000.

Pricing after the Manatee County permit check

$850,000
Opening offer.
About $324 per foot.

$880,000
Supported value.
About $335 per foot.

$910,000
Ceiling.
About $347 per foot.

Manatee County permits confirm the tile roof is original, which matches the agent's statement that it is 20 years old. Permit CMP-05031188 was completed on 28 Feb 2006, and no reroof permit follows it. The only later mechanical permit is BLD2405-3790, one like-for-like air-conditioner changeout issued 30 May 2024 for $9,524. That removes the old high case near $1,030,000. It does not confirm the agent's second system from 2017 or a pool heater from 2020. Those two dates are not in the public file, so they are not credits. Supported value stays on the 13978 contract rate for this floor plan, about $882,000. The two rejected offers confirm that buyers are writing under $1,000,000. They do not move this house up to $1,000,000. Open at $850,000. Do not go above $910,000 unless the insurance binder is affordable, the roof report does not require immediate replacement, and the second system's data plate is 2017 or newer. The ask is $315,000 above the supported value.

The house

List	$1,195,000 · MLS A4704244 · Coldwell Banker, Katina and Kenneth Shanahan
Size	2,623 living sq ft · 3,548 total building sq ft · one story · built 2006
Rooms	3 bedrooms, 3 baths, plus an office. The third bath serves the office and the pool.
Lot and view	0.23 acres, lot 47. Golf course and lake view. Front faces east; lanai faces west.
County permits	Original tile roof completed 28 Feb 2006. One HVAC changeout issued 30 May 2024. No 2017 HVAC permit. No 2020 heater permit.
Flood	Flood zone X on the listing detail. The lake is a view. MLS waterfront flag is No.
Parcel	588502359. Country Club Village subphase R, Siena, and subphase S, Mizner Reserve.
Last sale	$445,000 on 21 May 2020. Prior MLS A4436936.
2025 tax roll	Market $713,184. Assessed $692,095. Homestead.
2025 tax bill	$13,013. Ad valorem $9,244. Non-ad valorem $3,769.
Inside that bill	CDD operations $3,166, CDD debt $331, East Manatee fire $272.
MLS dues line	$135 per year to Lakewood Ranch Town Hall. That is not the Siena maintenance fee.

Dividing the ask by the 3,548 sq ft total building area prints about $337 per foot. That denominator includes garage and lanai. Every comparison in this brief uses living area.

Same-street sales and listings

All prices per foot use public-record living area. Active prices are asks. The 13978 price is the ask it went under contract at; the contract price is not published and may be lower. The 13860 original ask is inferred from a reported 5.4 percent cut.

Address	Status	Price	Living sf	$/sf	What matters
13994 Siena Loop	Active, day 49	$1,195,000	2,623	$456	Original 2006 roof. One HVAC permit, 2024.
13978 Siena Loop	In contract	$899,000	2,673	$336	Same plan and view. AC replaced Apr 2026.
13853 Siena Loop	Active	$774,000	2,321	$333	Recent HVAC, heater, rescreen. Pond.
13860 Siena Loop	Active	$949,999	3,187	$298	Larger. AC 2024, water heater 2025.
13911 Siena Loop	Active	$995,000	3,216	$309	Cut from $1,295,000. More house. AC 2024.
13828 Siena Loop	Sold 2026-06-01	$799,000	2,311	$346	New roof, new pool heater, rescreened.
13804 Siena Loop	Sold 2026-06-12	$790,000	2,319	$341	Renovated. 0.35-acre pond lot.
13987 Siena Loop	Sold week of 2026-08-03	$760,000	2,289	$332	Sold below its 2023 price of $810,000.
13876 Siena Loop	Sold 2026-04-30	$775,000	2,610	$297	Closest sold size. Listed at $849,000.
13861 Siena Loop	Sold 2026-03-19	$610,000	2,134	$286	HVAC 2023. Pool rebuilt. Listed $749,000.
13844 Siena Loop	Sold 2026-01-29	$619,425	2,134	$290	Smaller 2-bedroom plan with a pool.

13978 is the cleanest comparison: same bedroom count, three baths, an office, and a golf-and-lake lot, plus a 4-ton 16 SEER air conditioner replaced in April 2026. It found a buyer at $899,000. 13911 opened at $1,295,000 on 16 Jan 2026 and was cut to $995,000 by 20 Aug 2026, with more bedrooms and baths, and it was still for sale. 13987 sold in the week of 3 Aug 2026 for $760,000 after a 2023 sale at $810,000.

13828 closed at $799,000 on 1 Jun 2026 with a brand-new tile roof, a new pool heater, and a rescreened cage, at $346 per living foot. That is the top of the 2026 sold range. This house's roof, pool, and cage are the 2006 originals.

What the remodel adds

The May 2019 listing already advertised the pool, spa, outdoor kitchen, 18-inch tile, 48-inch cabinets, a granite island, and an office bath. None of that later finish work has a permit.

Claimed in 2026	Already true in 2019	How to treat it
Quartz island	Granite island	Likely replaced. No permit.
Cabinets and primary shower	Tall cabinets, tub, spa shower	Finish work. No bath permit.
Pool, spa, cage	Same features in 2019	Original 2006 permits. Heater has none.
Roof	Not described as new	Original tile, completed 28 Feb 2006.
Two air conditioners	Agent: 2024 and 2017	Only the 2024 changeout is permitted.
Pool heater	Agent: 2020	No county permit. Require the data plate.

What the county permits show

Checked 23 Oct 2026 on the Manatee County public site. The historical permit files cover 2004 through 21 Feb 2018. The live permit layer, searched by parcel 588502359 and by 13994 SIENA, has one building permit, plus a pointer to the historical archive. "None found" means that work was not in those files. It does not by itself prove the equipment was never changed.

Work	Permit	County result
New house and tile roof	CMP-05031188	Closed. Completed 28 Feb 2006. Neal Communities. Original tile roof. No later roof permit.
Pool and spa	CMP-05070213	Closed. Completed 25 May 2006. Splash Pools. Declared cost $28,100. Original pool.
Screen cage	CMP-06011072	Closed. Completed 7 Mar 2006. Mansard cage. Absolute Aluminum. No later cage permit.
Air conditioner	BLD2405-3790	Closed. Issued 30 May 2024. One like-for-like changeout, $9,524, Arctic Air. GIS certificate 22 May 2026. Accela lists no completed inspections.
Second air conditioner, 2017	None found	Not in the 2013–2018 archive or the live layer. Do not treat 2017 as a permit date.
Pool heater, 2020	None found	A 2020 permit would be in the live layer. None is. Do not treat 2020 as a permit date.
Kitchen, baths, water heater	None found	No alteration or plumbing permit for this parcel. Redfin's 2012 renovation year is not a permit.

BLD2405-3790 is Mechanical Express, project description "Moriarty HVAC CHANGEOUT. LIKE FOR LIKE," no duct replacement, mechanical trade only. Record status is Closed. The Accela page still says there are no completed inspections.

Carrying costs the ask does not show

The sellers have homestead, so Save Our Homes is holding the assessed value at $692,095. A buyer does not inherit that cap. The figures below use the 2025 millage of 14.160 and the same non-ad valorem charges. A homestead the next year assumes the standard exemptions and no portability. A buyer who ports a Florida homestead cap would pay less.

Item	Seller, 2025	Buyer at the ask	Buyer at $880,000
Price	Already owned	$1,195,000	$880,000
Tax bill, year 1	$13,013	$20,690	$16,229
Tax bill, year 2 with homestead	$13,013	$20,139	$15,679
Town Hall fee	$135 / year	$135 / year	$135 / year
Siena maintenance, planning	$186 / month	$186 / month	$186 / month
Insurance	Unknown	Quote before writing	Quote before writing
Club membership	Optional	Optional	Optional

At the ask, year-1 taxes are about $20,690, roughly $7,677 more per year than the bill the seller is paying. The CDD is already inside that bill. Proposed FY2026/27 Siena CDD total is $3,782. Neighbor listings put Siena maintenance at $175 to $188 a month; confirm both associations on the estoppel. Club membership is optional and does not transfer. The 2026 Premier golf packet is $110,000 to join and $1,360 a month.

Risk, in the order it can cost money

Risk	Level	What is open
Price and resale	High	The owners rejected two offers under $1,000,000. Amounts were not disclosed. 13911 has already been cut 23 percent and was still listed.
Roof and insurance	High	Permit CMP-05031188 completed 28 Feb 2006 with the original tile roof. No reroof permit. Planning range to replace tile is $40,000 to $80,000. That is not a bid.

Risk	Level	What is open
Second HVAC, water heater	High	Only BLD2405-3790, one 2024 changeout for $9,524. No 2017 permit and no water-heater permit. Read both data plates.
Tax reset	High	About $7,677 more per year at the ask than the homestead bill.
Remodel, pool, and cage	Medium	No kitchen or bath permit. Pool completed 25 May 2006. Cage completed 7 Mar 2006. No 2020 heater permit.
HOA, flood, bedrooms	Medium	Town Hall fee is $135 a year; Siena maintenance is separate. Flood zone X. The office is not a fourth bedroom. The golf view did not get 13978 a premium.

Pricing recommendation

Offer $850,000. Supported value is $880,000, about $335 per living foot, in line with the 13978 contract once this house's living area is used. The permitted 2024 changeout is one system at a $9,524 job value. It offsets part of the original roof. It is not a premium. The 2017 air conditioner and the 2020 pool heater are not in the county file, so do not pay for them. Do not exceed $910,000. Go there only if the insurance binder is affordable, the roof certification does not call for immediate replacement, and the second system's data plate or invoice shows 2017 or newer. The $1,195,000 ask is $315,000 above the supported value. The owners have already turned down two offers under $1,000,000, so an offer in this range may be rejected. Leave it there. A counter at or above $1,000,000 is the seller's number, and the comps do not support it.

Still require a roof certification, a 4-point, a wind-mitigation report, a wood-destroying-organism inspection, a pool inspection, and both estoppels. Photograph both air-conditioner data plates and the pool-heater and water-heater plates.
